

CATTARAUGUS REGION
COMMUNITY FOUNDATION
GROWINGGOOD.

Responsive by Design

2025
ANNUAL REPORT

Responsive by Design **Communities are living systems.**

They change, adapt and grow as new challenges emerge and new opportunities take shape. A strong community is not defined only by its traditions, but also by its ability to respond when circumstances shift.

At the Cattaraugus Region Community Foundation, responsiveness guides how we listen, how we act and how we steward the generosity entrusted to us. Our work is shaped by close relationships with donors, nonprofit partners and community leaders who help us identify where support is needed most – whether that is immediate or long-term. By design, we are built to move resources where they can make the greatest difference.

- Approving over \$70,000 in grants providing matching funds to help leverage additional investment from government and private funders into our community to: support the reimagining of an underutilized Olean city park; to support place-building mural projects that encourage economic development in the Salamanca business district; and to create top of the line meeting spaces for our nonprofit community through a renovation project at Southern Tier Health Care Systems
- Granting \$4,500 towards mental wellness initiatives through the Mental Wellness in Cattaraugus County Fund, including assisting veterans through music and nature-based mental health programming for underserved populations

Responsiveness also comes to life when our community mobilizes together. During Cattaraugus Gives, 1,714 donors rallied together to raise \$372,716 for 100 local nonprofits – a powerful demonstration of collective action.

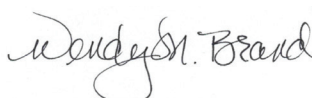

Through the Ralph C. Wilson, Jr. Foundation Rural Philanthropy Fellows Cohort, CRCF was able to hire a data and learning fellow to help us better understand the needs of the community, and where our grantmaking could have the biggest impact.

At its core, being “responsive by design” means recognizing that we are connected, and that our shared future depends on how we show up for one another.

As Theodore Roosevelt wisely said, “Do what you can, with what you have, where you are.”

This idea reflects the heart of our mission – meeting the community where it is, using the resources entrusted to us and acting with purpose to create meaningful impact. As you move through this report, we hope you see how listening leads to action and how kindness leads to advancement.

We are deeply grateful to the donors, partners and volunteers who make this work possible. Your trust and commitment allow the Foundation to respond with intention today while helping build a stronger, more resilient community for tomorrow.

Wendy Brand
CRCF Board President

Kirk Windus
CRCF Executive Director

Throughout the year, donor generosity is transformed into action across the region. Funds entrusted to the Foundation are reinvested into the community in purposeful ways, including:

- Expanding access to education through \$329,891 in scholarship awards that help local students pursue their goals
- Allocating \$13,000 in capacity building grants through the Cattaraugus County Nonprofit Hub for organizations seeking to educate their staff on conflict resolution, integrate new technologies and expand marketing capabilities

The Enduring Impact of Thomas Barnes

When Thomas Barnes walked across the Portville Central School stage as a member of the Class of 1974, he likely did not imagine that more than five decades later his name would be synonymous with opportunity and inspiration.

Tom never lost his connection to his hometown, though his career unfolded well beyond Cattaraugus County. That sense of place stayed with him, shaping not only what he accomplished, but how – and why – he chose to give back.

Tom believed deeply in communities and the people who shape them. Whether he was teaching in a classroom, playing saxophone on a local stage or helping guide regional development efforts, he approached life with an unflappable faith in the power of education, culture and civic engagement.

His academic path reflected a wide range of interests.

He earned degrees from Cornell University and the State University of New York at Buffalo, studying the arts, business and law. Education was not merely a steppingstone for him – it was a calling.

Over the years, he shared his knowledge with students at institutions including Cornell University, Mercyhurst College, Ithaca College, Alfred State College and Alfred University, teaching subjects that spanned hotel administration, business and related fields.

Beyond the classroom, Tom dedicated decades to strengthening the region he loved.

For more than 30 years, he served on the Southern Tier West Regional Planning and Development Board, where his leadership helped secure funding for infrastructure and economic development across southwestern New York. He played a key role in establishing organizations such as the Southern Tier Extension Railroad Authority and the Southern Tier West Development Foundation – efforts that continue to support growth and opportunity throughout the region.

Extending his service to civic and cultural life, Tom chaired the City of Olean Planning Board and lent his time and expertise to numerous boards and organizations. The arts, in particular, held a special place in his heart. As a founding board member and later president of the Cattaraugus County Arts Council (now the Tri-County Arts Council), Tom championed creative expression as a vital part of community well-being.

In recognition of his impact, the council renamed its highest most prestigious honor “the Thomas Barnes Lifetime Achievement Award.”

The arts were not just something Tom supported – it was something he lived. Friends and colleagues remember him performing saxophone with groups like the Mojo Hand Blues Band, bringing the same joy and energy to the stage that he brought to his civic work.

Dan Wintermantel, a longtime friend of Tom and colleague at the Arts Council, recalled fond memories of him:

“After a busy week of meetings, heavy organizational lifting and important municipal work, Tom would play saxophone into the wee hours of the night with the Mojo Hand Blues Band,” remembered Dan. “The Doctor, we called him, would let his hair down and the evening would grow hysterical, ridiculous, outrageous, and often, surprisingly profound.”

When Tom passed away in 2024, his lifelong values were reflected in his final act of generosity.

His estate designated \$1 million for charitable purposes to support institutions that mattered deeply to him. \$200,00 was allocated to four local nonprofits that reflect his lifelong passions and civic contributions, with each organization receiving \$50,000. Those organizations include the Tri-County Arts Council, the Portville Free Library, The Cattaraugus County SPCA and the Olean Public Library.

Two agencies received their gifts as a contribution to their existing agency endowments to support the growth of those funds that benefit their agencies. New funds were established in Tom’s name to support the SPCA in Cattaraugus County and the Olean Public Library.

The remaining \$800,000 was designated to the Cattaraugus Region Community Foundation to establish the Thomas M. Barnes Scholarship Fund, a four-year renewable award for Portville Central School students designed to support students throughout their undergraduate education. The scholarship reflects Tom’s belief in education as a gateway to opportunity and his desire to invest in young people as they begin to shape their own paths.

Taken together, these acts of generosity paint a fuller picture of who Thomas Barnes was: a lifelong learner, a public servant, an advocate for the arts and a believer in the quiet power of thoughtful giving.

Through classrooms, boardrooms and community institutions, Tom’s influence continues to be felt. His legacy is not confined to a single gift or program, but lives on in stronger communities, enriched cultural spaces and students empowered to imagine what comes next.

Cattaraugus Gives: In Their Own Words

When we talk about Cattaraugus Gives, we can share the numbers – the dollars raised, the organizations supported and the community that comes together each year to make it happen. But the true story of Cattaraugus Gives is best told by the people who experience it firsthand.

So rather than hearing it from us, hear it from the participants that make the day truly special.

From nonprofits that have grown their reach to scholarships that continue to make an impact on area students, these testimonials highlight the real impact Cattaraugus Gives has across Cattaraugus County. Their words reflect the spirit of generosity, collaboration and community that makes the day of giving so powerful.

“Cattaraugus Gives has helped the Olean Food Pantry raise significant funds, which are used to purchase food and other essential supplies, sustain its services and work toward a hunger-free community. It allows the Olean Food Pantry to leverage community support to meet the increasing demand for its services.”

— Dave Potter,
Olean Food Pantry President

“Generous community donations from Cattaraugus Gives helped the Genesis House expand our shelter for families who are homeless. Our shelter program provided 6,756 nights of shelter to residents in 2024 including families with children and single adults. Our community built the Genesis House and continues to play an important role in supporting our neighbors in need.”

— Melissa Yaworsky,
Genesis House Executive Director

“Interfaith Caregivers has come to depend on Cattaraugus Gives as an opportunity to spread our mission and message in hopes of serving more community residents in need, onboarding new volunteers and connecting with donors who share our mission and want to support the work we do. Funds raised through Cattaraugus Gives are directed back into the community through all of our programs, which are offered free of charge.”

— Julie Hall,
Interfaith Caregivers Executive Director

“Operation Warm Hearts, Inc. has been able to fulfill our promise to support children in need in our community thanks to the generous financial backing we’ve received each year during Cattaraugus Gives. Many children have felt the effects of this generosity each time they put on their new warm coats and boots.”

— Ann Marie Sitter-Tompkins,
Operation Warm Hearts co-founder and President

“Cattaraugus Gives makes it possible for us at Twin Tiers Disc Golf Club to grow our mission of youth development, healthy living and community connection. It’s more than just donations – it’s an investment in creating opportunities for the next generation.”

— Joe Henton,
Twin Tiers Disc Golf Club Vice-President

“Cattaraugus Gives is such a meaningful day for HomeCare & Hospice Foundation. Last year, the generosity of our community raised nearly \$5,000, helping us provide comfort, care and support to local patients and their families. This day reminds us how powerful it is when neighbors come together to lift each other up.”

— Melissa Sullivan,
HomeCare & Hospice CEO

“Every year, Cattaraugus Gives serves as a meaningful testament to the impact we can achieve through collective support of our community and the many incredible nonprofit organizations across the county. For the Olean City Schools Foundation, it provides vital resources that enhance educational experiences and broaden opportunities for every student in our district. This day of giving reflects the generosity, pride and shared commitment that make our community stronger.”

— Kaitlyn Anastasia-Caya,
Olean City Schools Foundation board member

“Donations from Cattaraugus Gives will allow us to keep giving the wonderful gift of music to all the deserving kids waiting to get their start with instrument lessons. The kindness and generosity of everyone who donated to the scholarship will provide youth in the surrounding communities something to believe in – themselves. You can’t put a price tag on something like that, and we are beyond grateful for the continued support.”

— Christie Reynolds,
Rock on Reikin Memorial Music Scholarship founder

A Legacy of Local Philanthropy: CRCF's Community Fund

There is something powerful about neighbors helping neighbors – about generosity that doesn't seek recognition, but results.

The Cattaraugus Region Community Foundation was founded in 1994 with a bold vision: to encourage local giving, channel resources to community needs and build a legacy of impact across Cattaraugus County and beyond.

More than three decades later, CRCF has grown from a handful of funds with modest assets into an organization managing more than 350 distinct funds with over \$40 million in assets, annually generating significant grant support to local causes.

The Community Fund is CRCF's flagship unrestricted grant pool. It exists to support nonprofit projects and community initiatives that respond to immediate and evolving needs in the region. Grants from the fund are awarded through two funding cycles each year and support organizations working across a wide range of focus areas including education, health and wellness, community development, human services, youth development and more.

Often, the grants are modest in size. But their ripple effects are anything but small.

Each grant tells a story: A story of a nonprofit stretching every dollar; A story of volunteers pouring their time into service.

Since its inception, the Community Fund has invested \$284,812 back into local nonprofits to strengthen and enrich Cattaraugus County communities. In its most recent cycle, CRCF awarded \$13,500 across six organizations, supporting programs from fighting hunger to local libraries and workforce development.

Invenergy, a national energy company entering Cattaraugus County, made a \$5,000 charitable contribution to the Community Fund to benefit nonprofit organizations and community initiatives in the footprint of the Alle-Catt Energy Center.

The funds from Invenergy were invested into the Arcade Fire Department for extrication equipment and the Village of Franklinville for their school zone safety improvement project, with each organization receiving \$2,500.

The Community Fund has also been instrumental in getting pilot programs off the ground, setting the framework for programs that continue to make a positive impact years later.

Veggie Wheels, an initiative sponsored by the Cattaraugus County Health Department and local volunteers, was founded in 2015 with the vision of improving access to healthy foods throughout the county by connecting local farmers with local consumers.

The initial grant to Veggie Wheels from the Community Fund came in 2016 to aid in the purchase of the "Veggie Mobile" – a mobile food pantry that would travel to the populations it serves and teach them how to prepare healthy, low-cost food.

In 2018, the Veggie Wheels Fund was established at the Foundation to help the program continue in perpetuity. By 2019, the initiative was providing approximately 600 community members and children with fresh vegetables, fruit and nutritional education in the communities of Olean, Delevan and Salamanca.

"It was a way of building relationships with people," said Athena Godet-Calogeras, Veggie Wheels co-founder. "This was a way of communicating with and getting to know your community."

In communities where food deserts are increasingly common, Veggie Wheels offers a connection. It meets a tangible need in Cattaraugus County, but also strengthens the social fabric that holds communities together.

The challenges facing communities continue to evolve, and nonprofits operate in an environment of rising costs and growing demand. Small grants can mean stability, expansion, and – possibly – survival.

The Community Fund stands as a symbol of collective care. It represents neighbors investing in neighbors and the belief that strong communities are built intentionally, through partnership and shared responsibility.

As we reflect on the impact of the Community Fund in this annual report, we also look forward with gratitude – for the donors who make it possible, the volunteers who steward it and the nonprofits who transform its dollars into impact.

At its core, the Community Fund is more than a grant program – it's a promise that this community will continue to show up for itself.

Catalysts for Community: Ralph C. Wilson, Jr. Foundation Leverage Funds

An aging ballfield at Marcus Park sat quietly between neighborhood homes and the nearby Washington West Elementary School. For years, it had been mostly overlooked – a place with potential but little life.

Until now.

Now, Marcus Park is home to an inclusive playground designed for children of all abilities – along with a dog park, a youth ballfield, picnic areas and a new connection to the community's trail system.

The revitalization was part of a more than \$2 million project that includes collaboration by CRCF, Intandem and the City of Olean. The transformation did not happen overnight, and it surely did not happen alone.

Behind the playground is a larger story about partnership, vision and a type of funding designed to breathe fresh air into new ideas in rural communities.

Through the Ralph C. Wilson, Jr. Leverage Fund established at the Cattaraugus Region Community Foundation, strategic investments help local organizations unlock larger funding needed to turn community projects into reality. These investments can help nonprofits and municipalities strengthen grant applications, demonstrate local support and unlock increased opportunities for outside funding.

Matching funds for the inclusive playground were provided by the Leverage Fund to the tune of \$25,000.

Also in Olean, Southern Tier Health Care System, Inc. is undertaking a renovation project that will convert previously underused space into a training and wellness center designed to support both healthcare professionals and community members.

The project, which received a \$25,000 grant from the Leverage Fund, will transform the organization's lower level into a fully accessible, multi-purpose space. Planned upgrades include installation of an ADA-compliant elevator, accessible restrooms, improved HVAC systems and technology-enabled classrooms. A teaching kitchen will also be incorporated to support nutrition education and wellness programming.

Once complete, the space will host a variety of programs, including EMS and paramedic education, youth-focused initiatives such as Kids in the Kitchen and home-alone safety courses.

For a rural region where access to healthcare services and workforce development opportunities can be limited, the project is designed to expand both professional training and community programming.

Projects like this represent an important investment in long-term community well-being. Leverage funding has helped the organization advance the project by demonstrating local commitment.

While some projects focus on recreation or health services, others are exploring how creativity and culture can support economic vitality. In downtown Salamanca, an initiative will blend public art, entrepreneurship and community engagement.

Painting with a Purpose will bring artists, businesses, tourism organizations and educators together to create a series of murals throughout the city. The project received an initial grant of \$20,000 from the Leverage Fund.

Plans call for eight permanent murals and eight movable installations that can be displayed throughout the community.

Organizers see the project as both a cultural initiative and an economic development effort. Public art has the potential to draw visitors, increase foot traffic for local businesses and strengthen the identity of a downtown district. The initiative aims to create opportunities for artists while also encouraging residents and visitors to spend more time exploring Salamanca's downtown.

The first of these murals – a portrait of Chief Cornplanter – was finished in August of 2025, painted on the side of Petruzzi Insurance Agency in Salamanca.

"The mural will educate the 3.5 million visitors to the city on the artist, history of the art, the business, Seneca Culture and the history of Salamanca," said Salamanca Chamber of Commerce CEO John Sheehan. "Once the murals are completed, we will create a map to draw those visitors throughout our city to improve economic development."

Taken together, these projects illustrate how strategic early investment can unlock larger opportunities. In these three projects alone, CRCF's grant dollars helped attract an additional \$2.4 million in investments in Cattaraugus County.

The Ralph C. Wilson, Jr. Foundation Leverage Funds were created with the understanding that many transformative projects begin as ideas that simply need momentum. A timely investment can help organizations demonstrate readiness and unlock larger funding opportunities.

Across Cattaraugus County, that approach is helping bring a range of community priorities to life.

Each project addresses a different need – recreation, health, economic activity and cultural engagement – but they share a common thread. They reflect communities identifying opportunities for growth and working to turn those ideas into tangible improvements.

Through the partnership with CRCF, the Leverage Fund serves as a catalyst for that progress. They help ensure that local vision and collaboration are met with the resources needed to move projects forward.

The results may take many forms, but together they represent something larger – the steady, collaborative work of building stronger communities across the region.

Mental Wellness in Cattaraugus County Fund

The Mental Wellness in Cattaraugus County Fund was created to ensure local organizations have the resources they need to support mental health across the region. Established in 2018, the fund carries forward the mission and spirit of the former Mental Health Association in Cattaraugus County, providing grants to programs that promote emotional wellbeing, awareness, and access to care.

Through annual grant cycles, the fund supports nonprofit programs and licensed providers working directly with residents. Since its creation, it has distributed more than \$26,000 to strengthen services, expanded outreach and helped organizations respond to growing mental health needs. Grants from 2025 included \$2,000 to the Outdoor Arts & Recreation Society to offer nature-based mental health programming for underserved populations and \$2,500 to the Cattaraugus County Veterans Music Coalition Fund for assisting veterans through music.

The Mental Wellness Fund is a community-driven investment in healthier lives. Each grant reflects a shared commitment to reducing stigma, improving access to care and building a more resilient Cattaraugus County - one program, one organization and one life at a time.

Beautiful Olean Fund

The Beautiful Olean Fund was established to sustain the vibrant gardens and streetscape improvements that have reshaped the City of Olean over the past decade. Created by members of the Olean Beautification Committee, the fund provides a reliable source of support for the maintenance and enhancement of public gardens and green spaces throughout the city.

Olean's transformation began with major investments such as the Walkable Olean project, which introduced dozens of gardens, landscaped medians, roundabouts and pedestrian-friendly features along key corridors. As these projects expanded, local volunteers stepped up to care for the plantings, handling everything from watering and weeding to seasonal preparations. The Beautiful Olean Fund strengthens this partnership, helping ensure the long-term upkeep of these spaces and supporting future beautification efforts.

The fund stands as a testament to community pride and collaboration. By supporting the work of volunteers and city partners, it enhances the quality of life for residents by creating a more attractive place to live, work and visit.

Ryan Callahan Memorial Fund

The Ryan Callahan Memorial Fund was established in 2024 to provide grants to organizations that support mental health treatment and awareness. A year after its inception, the fund has made possible grants to two local nonprofit organizations to increase mental health services in the area.

St. Stephen's Episcopal Church received \$5,000 for counseling services at the Miram's Center for Hope and Healing, while the Cattaraugus County Department of Community Services Foundation for Change PROS was granted \$14,000 for mental health services. The personalized recovery oriented services (PROS) aim to support participants' recovery through dedicated service while utilizing evidence-based practices to empower individuals with the goal of achieving hopeful, satisfying lives.

To help support this fund, Ryan's family organized the first Callahan Memorial Golf Tournament at Bartlett Country Club in Olean in June 2024, with the second taking place in June of 2025.

"There remains a great need for mental health care in our community," said CRCF Executive Director Kirk Windus. "Funds like this do a great deal in making mental health care more accessible."

Legacy Society Planned Giving

The Foundation's Legacy Society recognizes donors who have made or plan to make a gift through an estate plan or another planned giving strategy such as a life income gift, life insurance policy or retirement plan. Donors and attorneys/financial planners are encouraged to contact the Foundation to discuss planned giving options.

Scholarships

Anna Mest

— Tyler Bihler Memorial Scholarship

Anna Mest is a 2022 graduate of Olean High School and a recent graduate of Belmont University, completing her degree with a Bachelor of Business Administration in Music Business.

During her time at Belmont, Anna was a member of Alpha Sigma Tau Sorority, where she had the opportunity to serve in leadership roles, including Director of Philanthropy, Director of Social Media and Vice President of Marketing. Through her sorority, she continued serving the Nashville community by supporting Girls Inc., the chapter's local philanthropy sector, and volunteering as a tutor at GiGi's Playhouse, a national Down Syndrome achievement center.

As a student at Belmont's Curb College of Entertainment and Music Business, Anna was involved in Belmont Service Corps and Music Row Promo, which provided opportunities to volunteer at music industry events. She also completed several internships across artist management, live music, social media, public relations and music publishing.

Today, Anna continues to pursue her passion for community and country music in Nashville, working in digital marketing and artist development.

Emma Washington..... 1,000.00

Otto-Eldred Alumni Scholarship

Halle Wilson..... 2,500.00

Elsa Woodarek

- Kristen Hintz Memorial Scholarship
- Hughey Scholarship

Elsa Woodarek is a 2022 graduate of Ellicottville Central School and a current senior at Elizabethtown College, majoring in public health and political science with a minor in philosophy. A National Stamps Scholar and Honors Program student, she has combined academic excellence with hands-on experience in both policy and community health.

Through study abroad programs in Italy and Uganda, Elsa gained a global perspective on healthcare systems and disparities. She further explored her interest in public service through internships with the Pennsylvania House of Representatives Health Committee and the Office of U.S. Senator Kristen Gillibrand, where she contributed to legislative research and constituent engagement.

Elsa’s commitment to service began early, as she founded the ECS Caring Closet in high school, which supported students and families in need. On campus, Elsa is an active leader, serving as a student assistant for the Center for Community and Civic Engagement and as a member of the Pi Sigma Alpha Political Science Honor Society. She is also a certified yoga teacher and teaches classes on campus.

Elsa plans to continue her work in public health and policy, using her education and experiences to make a meaningful impact in communities near and far.
