

CATTARAUGUS REGION
COMMUNITY FOUNDATION

The Power of Community

2023 Annual Report

The Power of Community

In today's fast-paced and interconnected world, the significance of community cannot be overstated. Whether it's a small neighborhood, religious congregation or an online forum, communities play a vital role in shaping our lives, providing support and fostering a sense of belonging. From celebrating joys to weathering storms, communities serve as pillars of strength, durability and unity.

Communities also demonstrate remarkable adaptability and resilience – as demonstrated by the collective perseverance during the Covid-19 epidemic. Communities come together to innovate, problem solve and navigate challenges hand in hand.

At the heart of every community are the bonds and connections that bring people together. At the Cattaraugus Region Community Foundation, those bonds and connections are conjoined through the philanthropic efforts of community members.

Philanthropy is the heartbeat of a thriving community, where generosity fuels progress and compassion builds bridges to a brighter future.

None of the good that CRCF does would be possible without community efforts. In 2023, CRCF made 811 grants totaling over \$1.7 million that supported local causes.

In 2023, RAM (Remote Area Medical) returned to the Cattaraugus region thanks to the generous donations from community members and local organizations. RAM provides pop-up medical clinics around the United States, offering dental, vision, and general medical care at no cost to patients. Over \$7,000 was donated to the RAM Fund of Cattaraugus County, enabling them to bring their services to the region.

CRCF also made possible over \$270,000 in scholarships to allow local students to pursue their educational and career goals. Scholarships serve as beacons of opportunity for individuals with diverse backgrounds and ambitions.

They empower deserving students to pursue their dreams, regardless of economic restraints, unlocking the door to knowledge and career advancement. Those are just a few examples of our community-focused work.

In this report you will read more about the “power of community” and how it makes the Cattaraugus Region Community Foundation the community's trusted, supportive and responsive leader in philanthropy.

Maragaret J. Wheatley once said “There is no power for change greater than a community discovering what it cares about.”

This quote perfectly summarizes our mission: We aim to assist community members in their philanthropic endeavors to help others, thus enriching the quality of life in our community.

We would like to sincerely thank our partners and supporters. Our success is due to your dedication to our community and your faith in the transformative power of philanthropy. We have a fresh feeling of purpose, hope, and resolve as we turn to the future. We will keep working together to create a more promising, welcoming and successful future for the Cattaraugus region.

Shining Light on Community Unity

Frank Pitillo, a beloved figure in the Ellicottville community renowned for his prowess on the slopes, entrepreneurial spirit and gridiron grit, was taken far too soon in a fateful motorcycle accident. Yet, from the darkness of grief emerged a glimmer of hope, as Frank's brother, Nick Pitillo, embarked on a mission to honor his brother's memory in a profound way.

Nick – like his brother – is an entrepreneur. Nick and his wife Kendra are the owners and proprietors of the restaurants Osteria 166 in Buffalo and Villaggio in Ellicottville.

At the time of Frank's passing, very few schools in the area had lights for their football fields. The lights erected at Ellicottville Central School were named in Frank's honor in 1977. While attending one of his daughter's softball games, Nick realized that these lights needed to be updated.

It was then that he decided to refocus the lights not just on the field, but on his brother's legacy. Inspired by Frank's passion for sports and his unwavering commitment to the community, Nick established the Frank Pitillo Memorial Fund at the Cattaraugus Region Community Foundation in 2022.

The vision for the fund was as clear as a pristine ski slope at dawn: raise funds to replace the aging lights illuminating the local football field, a place where Frank had once dazzled crowds with his athletic feats.

For Nick, it was about more than just upgrading infrastructure; it was about preserving Frank's legacy and ensuring that future generations could bask in the same vibrant lights that once guided his brother's footsteps on the field.

After sifting through a myriad of bids, Pitillo came to the conclusion that the lights could be installed for \$200,000, plus another \$50,000 for plaques and maintenance.

Word of the fund quickly spread in the Ellicottville community, igniting the hearts of residents who had been touched by Frank's kindness and infectious zest for life. From fellow former athletes to business leaders, the community rallied behind Nick's noble cause, raising almost \$180k since the fund was established.

The culmination of many events has raised money for the fund, including the Frank Pitillo Memorial Lighting Fund Golf Tournament held at the Holiday Valley Double Black Diamond Golf Course.

“These lights will be in place for years to come, so they can help create new memories for the next generation” said Pitillo. “Whether it was playing a sport, or attending games, ‘Friday Night Lights’ is a cherished tradition that has created countless memories for generations, not only here, but across the country.”

The new lighting system promises to enhance access to athletic fields by upgrading the ECS Stadium lights to a more environmentally efficient system. The new lights will last up to 25 times longer than the current bulbs and will increase the number of hours that the field can be accessed, all while using 70% less energy. The new lights will increase clarity and reduce blind spots on the field which will help young athletes play safely.

And maybe most importantly, at the heart of the project is community. Sports possess an extraordinary power to bring people together, and the funds for this project were raised primarily through community efforts. Through sports, bonds are formed, friendships are forged and mutual respect is cultivated.

While the immediate focus of the fund is to get the lights paid for and installed, any remaining funds will go towards scholarships for graduating Ellicottville Central School seniors. The scholarship will go towards a student who has strong academics, displays leadership through athletics, and has a strong entrepreneurial work ethic.

“This is one way that I can keep honoring the memory of my brother, plus help out the kids that are at Ellicottville Central now,” Pitillo said. “With this community, I know we can get it done.”

The Community Catalyst

Hos.pi.tal.i.ty – *The friendly and generous reception and entertainment of guests, visitors, or strangers.*

Hospitality is at the center of business in Olean, and the longevity and resilience of the industry will forever be honored in Lincoln Park thanks to the efforts of the Greater Olean Hospitality Committee and their partnership with CRCF.

The Greater Olean Hospitality Wall of Fame will now have a permanent home in the form of a sculpture that will display the names of past and present wall of fame inductees and will be a constant public reminder in a central Olean park of the many contributions of the hospitality industry to the area's heritage and history.

In the past, individuals were honored at the Taste of Olean event, and their names were added to plaques housed at the Olean campus of Jamestown Community College. Since the Greater Olean Area Chamber of Commerce (GOACC) established the Greater Olean Hospitality Wall of Fame in 2007, more than 54 individuals have been inducted. Joe and Susan Marra (formerly of the Old Library), Anthony Fratercangelo (Angee's) and Tony Procacci (Napoli Pizza) created the Greater Olean Hospitality Committee to lead these efforts in partnership with the GOACC.

Due to a need for the space at the Olean JCC Campus, those plaques had to be returned to the honorees.

To provide public recognition to past and future inductees, and to continue the tradition of honoring the hospitality industry and its leaders and contributors, the committee of the Greater Olean Hospitality Wall of Fame established the Greater Olean Hospitality Sculpture Fund at the Cattaraugus Region Community Foundation. This enabled the community to donate to the fundraising process to erect the sculpture.

The sculpture, now erected and installed, is an embodiment of a community coming together to honor its roots and celebrate its future.

Not only did the fund enable the sculpture honoring the history and the future of the hospitality industry, but it has since been converted into a scholarship fund to support students pursuing a degree in a hospitality industry-related field of study including business, culinary arts, hospitality management.

By investing in the future, the Greater Olean Hospitality Committee shows its dedication to the industry, and to the people of the community and its next generations.

The monument was designed and crafted by renowned area sculptor Glenn Zwegardt of Alfred. Zwegardt is an emeritus Professor of Sculpture at the New York State College of Ceramics at Alfred University.

The barre vermont gray granite sculpture bears the names of more than 54 honorees since 2007. Topping off the sculpture is a pineapple - the international symbol for hospitality - accompanied by a fork, a knife and a spoon.

Crafted with meticulous detail and boundless creativity, the sculpture embodies the essence of hospitality, reflecting the significant impact the industry has had on Olean's identity. As visitors traverse the roundabout at the intersection of North Union Street and West State Street, they are not just greeted by a work of art; they are engulfed in a story that honors the friendliness, diversity and giving that characterize the Greater Olean area.

At its core, the sculpture serves as a nod of appreciation to the countless individuals who breathed life into the hospitality sector - from the servers to the culinary maestros,

“What all these honorees have in common is more than serving a good meal at a good price. Their restaurants were home” stated Meme Yanetsko, director of organizational advancement at HomeCare & Hospice. “Their popularity and customer loyalty stemmed from the way they have treated everyone.”

from the event organizers and performers to the bed and breakfast owners. Their many, frequently unseen efforts are now immortalized in steel, a testament to their role in shaping the city's welcoming embrace.

The sculpture is not merely a piece of art but an embodiment of the city's soul, inviting all who encounter it to embrace the spirit of hospitality and establish deeper connections within the vibrant tapestry of the Olean area.

“Dropping in” on Philanthropy

A vibrant new addition has sparked waves of excitement and camaraderie within the village of Ellicottville. The new skatepark – officially named the New Car Dealers of WNY Ellicottville Skatepark in recognition of the park’s lead sponsor – is a 10,000 square foot concrete marker of the transformative power of communal endeavors.

With its genesis embedded in the collective vision of local stakeholders, the establishment of the skatepark stands as a shining example of what can be achieved when a community rallies together in pursuit of a shared goal.

When Chris Perks and his wife, Brenda, heard about an initiative through the Tony Hawk Foundation to support the building of concrete skateparks, they immediately thought about bringing one to Ellicottville. The duo served as the lead advocates of the SK8EVL committee, who established the Ellicottville Skatepark Fund at CRCF to enable the group to raise funds towards a \$250,000 matching grant to turn their skatepark dreams into a reality.

“The ‘Built to Play’ matching program has the mission of helping communities across the US build outdoor concrete skateparks that are free and open to the public,” said Brenda. The Tony Hawk Foundation has partnered with the Ralph C. Wilson Jr. Foundation to fund projects like this across Western New York, providing matches to such initiatives up to \$250,000.

Sk8EVL started their fundraising efforts with an uphill battle: fundraising through the Covid-19 pandemic.

The Ellicottville Skatepark Committee (SK8EVL) rallied the locals and business leaders through a host of fundraisers, including auctions, giveaways and basket raffles. The SKATE-of-the-ART fundraiser auctioned off skate decks that were designed by 50 artists, while the SOUP-to-SKATE fundraiser showcased handmade ceramic bowls created by local students, soups and chili donated by area restaurants and basket raffles that were donated by local businesses and community members.

After a significant donation of \$100,000 from the New Car Dealers of WNY Charitable Foundation, the organizers met and exceeded their goal of \$250,000 to receive the full match from The Skatepark Project (formerly the Tony Hawk Foundation).

Following three years of fundraising and a year of construction, Chris and Brenda’s concept came to fruition in July of 2023.

Driven by grassroots, community-based support, the project has blossomed from a mere concept into a tangible symbol of unity and inclusivity, uniting people from all different walks of life in one place.

The park, designed and built by Grindline of Seattle with input from area residents, features a large bowl, steps, a grind rail and other features. It is accessible for those who skateboard, bike, rollerblade and scooter.

Dave Egner, president and CEO of the Ralph C. Wilson Jr. Foundation, said it got into building skateparks through its partnership with the Skatepark Project, because there was a lack of good green space for kids to play. He said only 13% of youth in Western New York get the amount of exercise recommended by the CDC.

“We now have a state-of-the-art facility that welcomes all ages, all skill levels and, most importantly, a safe space where our youth can be active, develop friendships and express themselves through the sport of skateboarding,” stated Brenda.

The skate park – which is free to the public – is an open door for all walks of life to come together, support one another and have fun. Not only will it help promote public health benefits, but many friendships can be made there.

In a remarkable display of unity and determination, the community’s collaborative efforts have culminated in the construction of the skatepark. This skatepark represents more than just a recreational space – it represents the fortitude, inclusivity and empowerment that characterizes a community.

Community Giving = Community Building

During Cattaraugus Gives, the spirit of altruism abounds as individuals, businesses and organizations unite with a singular purpose: to sow the seeds of progress and compassion in our beloved community.

In 2023, 95 area nonprofit organizations came together to raise \$306,567 during a 24-hour period through the philanthropic generosity of 1,369 donors. In the seven years since CRCF began administering this one-day fundraising event, \$1.36 million has been raised by and for community nonprofits.

Every dollar raised during Cattaraugus Gives goes back to serving the community in the form of projects and services led by nonprofits in the Cattaraugus County region.

Cattaraugus Gives also allows nonprofits to compete for cash prizes based on their fundraising success during the event. The prizes and leaderboards can be tracked in real time on the Cattaraugus Gives website. The prizes, which include cash prizes for nonprofits and gift cards for supporting donors, totaled over \$21,000 in 2023 – 10% more than the total prizes in 2022.

The top three fundraisers for the 2023 event were Empire Animal Rescue Society (\$28,057), SPCA in Cattaraugus County (\$23,995) and Olean General Hospital Foundation (\$20,130).

Animal shelters like the SPCA, Empire Animal Rescue Society and Joyful Rescues see Cattaraugus Gives as essential, utilizing the funds to provide emergency surgeries and help facilitate adoptions with loving families.

In 2023, the YMCA of the Twin Tiers utilized Cattaraugus Gives to help support the Erick Laine Outdoor Center Capital Campaign. The new facility – located directly behind the Olean YMCA – is an outdoor, four season play park that is equipped with an ice rink, splash pad, playground, an airnasium, and plenty of green space. To help support their efforts, CRCF and the board of directors matched all donations made towards

“Cattaraugus Gives has provided the community a healthy form of competition for nonprofits of all sizes and missions to raise additional funds to support their fundraising efforts” said Curtis Pierce, executive director of the Olean YMCA. “The Olean YMCA looks forward to participating in the program each year as our organization has greatly benefited from it.”

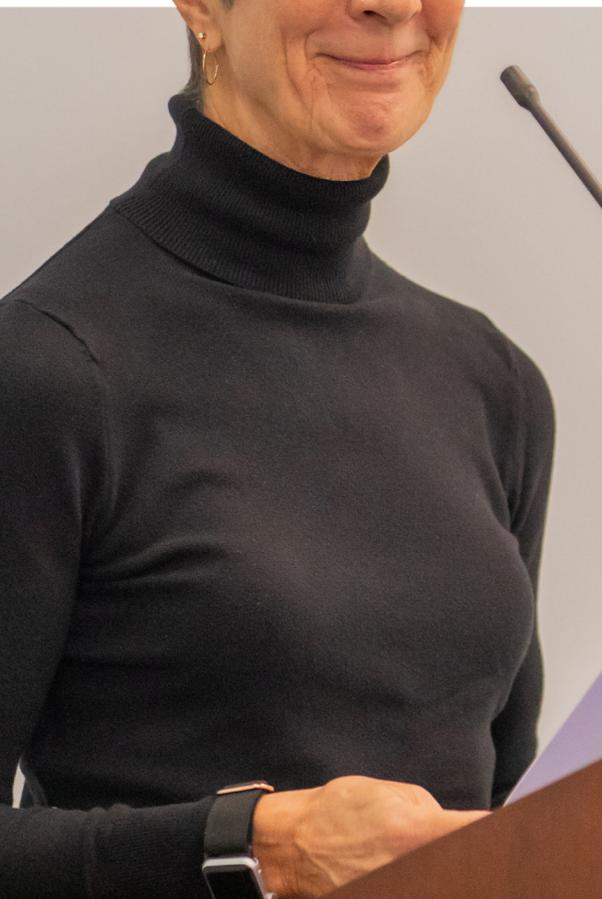

the capital campaign up to \$10,000 during Cattaraugus Gives. In its inaugural winter, the Erick Laine Outdoor Center welcomed more than 500 ice skaters. The center will be open for its first season of summer activities this year.

Local nonprofits also receive guidance from CRCF in the form of training webinars and Link and Learn workshops. These sessions help nonprofit professionals and volunteers learn more about how to get the most out of their fundraising efforts during Cattaraugus Gives.

And at the helm of Cattaraugus Gives has been the now CRCF executive director, Kirk Windus, who has helped to nearly triple annual nonprofit participation since the program's first year.

“For CRCF, Cattaraugus Gives has become an important part of our work in philanthropy in this community, and it has had such an incredible impact,” said Windus. “I encourage any interested nonprofit to reach out to learn more about how Cattaraugus Gives can help take their organization's fundraising to the next level. Likewise, I encourage the community to continue supporting a program that has grown so much good in Cattaraugus County.”

There lies the true essence of Cattaraugus Gives: providing the citizens of Cattaraugus County with the help and support they need, while working towards a stronger, healthier, more vibrant community. In the nonprofit world, community support equals community impact.

OPD Drone Project

The Olean Police Department received a grant from CRCF'S Community Fund to purchase a drone to improve public safety. This drone will help the Olean Police Department better serve the community and surrounding areas.

From missing person reports, hostage situations and gun threats, the drone will help keep responding officers and the community safe. Throughout the years, the Olean Police Department has assisted other departments in the county with missing person cases.

"Technology, such as drones, enables police departments to address situations quicker and with more effective response times to various calls," said Dylan Ensell, a department patrolman. The new drone also benefits local fire departments. With advanced technology the drone has the ability to locate hot spots in fires.

Alongside the grant from CRCF, the police department also received grants from United Way of Cattaraugus County's Bill and Cathy Fraser grant, Stitt Foundation and Cutco Foundation.

Community Ties Mural

This past summer, the William O. Smith Recreation Center in Olean received a revamp. Alex Derwick, an Olean native, returned to his hometown to lead efforts to install the mural. The mural - which is located on the east wall of the recreation center - is named "Community Ties" to represent the strength of the community and the amount of help it provides its residents. In the spirit of community, the Tri-County Arts Council hosted a public paint day where people could come and take part in the creation of the mural. Over 50 people came and were eager to help Alex Derwick's vision come to life. CRCF was able to provide support to this mural by providing a grant to the community. The Community Ties mural represents the feeling of community and the connections people make in Olean. CRCF is grateful to have been a part of this project and the beautification of Olean.

Lucas Brushingham

*Tim Bushnell Memorial Scholarship (2023),
OHS Class of 1983 Scholarship (2023)*

Lucas Brushingham, a driven and dedicated student at the University of Dayton, is making the most of his college experience by balancing academics, extracurricular activities, and community service. As a recipient of both the Tim Bushnell Memorial Scholarship and OHS Class of 1983 Scholarship, Lucas demonstrates a commitment to excellence in his studies. He is pursuing a Bachelor of Science in Business Administration with a specialization in operations supply chain management. Alongside his studies, he is a member of Club Golf and intramural flag football, showcasing his passion for sports and teamwork. Next year Lucas plans to join Flyer Enterprise, a student-led organization that operates businesses on Dayton's campus. Lucas also spends his time volunteering for Habitat for Humanity International, a nonprofit organization whose main goal is to build affordable housing. Right now, Lucas is looking into summer internships and getting involved in networking.

Cora Emery

Kothari Family Fund Healthcare Scholarship (2017)

Cora Emery is a 2021 graduate of St. Bonaventure University. She is the 2017 recipient of the Kothari Family Fund Healthcare Scholarship. Cora received a Bachelors in Sports Studies during her time at St. Bonaventure. While earning her undergraduate degree, Cora was a member of SBU Club Volleyball. After finishing her undergraduate at St. Bonaventure University, Cora was accepted into Saint Francis University where she is earning her doctorate in Physical Therapy. At Saint Francis University, she is a graduate assistant for the Cardiopulmonary department. Cora is also a class officer and peer mentor at Saint Francis, which highlights her commitment to supporting her peers and fostering a collaborative learning environment. Looking ahead, Cora aspires to obtain her license in Physical Therapy and work in the neurological or pediatric field.

Kylie Blessing

Ben & Rose Schwabenbauer Educational Scholarship (2022)

Kylie Blessing has excelled both academically and athletically in her college career. As the 2022 recipient of the Ben & Rose Schwabenbauer Educational Scholarship, she has demonstrated her commitment to her education. Kylie is currently pursuing a degree in Criminology and Criminal Justice at Niagara University.

At Niagara Kylie is a student-athlete, playing on the Division 1 women's volleyball team. Alongside volleyball and her studies, Kylie is a part of SACA (Student-Athletes of Color Alliance), ASL (American Sign Language) Club and Delta Epsilon Sigma National Honor Society. Her involvement demonstrates her commitment to diversity, communication and academic excellence. In her free time, Kylie coaches volleyball in her hometown of Portville, New York.

Kylie will be earning her undergraduate degree in Criminology and Criminal Justice a year early. She has been accepted into Niagara's 4 + 1 criminal justice master's degree program where she will continue to play volleyball. After completing her bachelor's and master's in criminal justice and criminology Kylie has hopes of working in the Secret Service and or criminal investigation.

Maryam Mirza

Russell F. Greenawalt & Elizabeth Page Greenawalt Scholarship (2023)

Maryam Mirza is a dedicated student currently studying Human Biology and Health and Society in the College of Human Ecology at Cornell University. Alongside her majors, she is also minoring in Human Development. Maryam is the 2023 recipient of the Russell F. Greenawalt & Elizabeth Page Greenawalt Scholarship.

On campus, she is part of the Muslim Students' Association and the Pakistani Students' Association which are religious and cultural communities on campus. Maryam also regularly volunteers through Big Red Buddies, a club that allows Cornell students to spend time with children in classrooms to help build their emotional, social, and academic skills. She also spends her time as a research assistant in the Memory and Neuroscience lab. Maryam processes data and runs participants for studies that focus on determining factors that contribute to false memory and ways to make eyewitness testimonies more accurate.

Outside of school, Maryam is an EMT-B with Allegany Rescue and EMS. After college Maryam plans to extend her studies to medical school to become an emergency physician. Her diverse involvements both on and off campus showcase her many interests and dedication to serving her community.
